Meet Katie Pritchard Technical Creative

My name is Katie Pritchard and I combine creative solutions with technical expertise to solve complex problems. I built a foundation of diversity in my undergraduate career, graduating from Bucknell University in 2013 with a dual degree in Computer Science and East Asian Studies (Japanese).

With over 7 years of industry experience as a full-stack software engineer, I have designed, built, and maintained custom modules for a web application that serves over 20,000 users for use across the majority of Department of Defense (DoD) components.

My diversity of interests and creativity is what sets me apart. In addition to a technical foundation, I have a love for graphic design and branding, and am currently pursuing a certificate of Graphic Design and George Mason University. I have experience as a writing tutor and volunteer as part of the Media Team with the DC Shiba Inu Rescue. I love to cook and travel and document my experiences on my blog tipsychocochip.com.

Claire Saffitz made the Apple Cake of our Dreams

Tender, nutty, and studded with cinnamon-glazed apple halves, Claire Saffitz's apple cake is the best apple cake. (Yeah, we said it.) Use a wooden spoon to combine the apples and bake the cake all in one pan, a win-win. Ground nuts give the cake a toasty, deep flavor and tenderize the crumb by adding fat and countering flour's glutinous toughness.

Down the Rabbit Hole

So she was considering in her mind (as well as she could, for the hot day made her feel very sleepy and stupid), whether the pleasure of making a daisy-chain would be worth the trouble of getting up and picking the daisies, when suddenly a White Rabbit with pink eyes ran close by her.

There was nothing so very remarkable in that; nor did Alice think it so VERY much out of the way to hear the Rabbit say to itself, "Oh dear! Oh dear! I shall be late!" (when she thought it over afterwards, it occurred to her that she ought to have wondered at this, but at the time it all seemed quite natural); but when the Rabbit actually took a watch out of his waistcoat-pocket, and looked at it, and then hurried on, Alice started to her feet, for it flashed across her mind that she had never before seen a rabbit with either a waistcoat-pocket, or a watch to take out of it, and, burning with curiosity, she ran across the field after it, and fortunately was just in time to see it pop down a large rabbit-hole under the hedge.

The Best Times to Visit Japan for Cherry Blossoms and Bargain Prices

In the Cherry Blossom Season, there is no such thing as a stranger.

Alice was beginning to get very tired of sitting by her sister on the bank, and of having nothing to do; once or twice she had peeped into the book her sister was reading, but it had no pictures or conversations in it, "and what is the use of a book," thought Alice "without pictures or conversation?"

8 Steps to adopt a Shiba Inu

DC SIR Adoption Process *Digital Print*

Exploring typography to create an infographic, I chose an organization close to my heart. Having adopted my very own black and tan Kenichi from DC Shiba Inu Rescue, I wanted to express the adoption process at a quick glance for others attempting to adopt.
